A.C.M. Objectives

A very brief & selective summary:

- To make known and promote Austrian culture in Australia with particular emphasis on Austrian fine arts, music and literature.
- To arrange performances of Austrian music in Australia.
- To maintain and develop the Austrian Cultural Centre as a place for providing cultural, social, recreational and sporting facilities from the joint funds of the Club
- To help enable children to participate in social, cultural and artistic activities.

PRESIDENT'S REPORT

English & German

The world looks different looking out from the kitchen into the Main Hall. Since the 10th of April 2008, we have been looking for a new Chef for our Bistro. That means that Beverly and I are still involved 7 days per week with kitchen activities.

Certainly a very positive trend has emerged; more members and guests seem to partake from our fairly tasty meals which we provide. Personally, I still make soup stock, roast pork, roast beef, dumplings, etc. Whatever is required for the coming weekend. Rena, our personal friend, usually comes in on Friday morning, cooks lunch for our Kellerstube guests and makes the necessary preparations for the weekend, perhaps a new dish, more goulash, etc.

Since mid April Beverly has been placing most of the orders for kitchen requirements and helps in the kitchen, wherever help is most required. I carry out all the supplementary up-front requirements so that Rena can concentrate, in a very able manner, on the practical running of the kitchen. We do appreciate her knowledge, her experience and her expertise. It all looks so simple, but actually involves a lot of planning and work. Our reward is the personal satisfaction of knowing that the Club continues to operate well, to everybody's contentment.

A brief report for the month of May.

Friday 2. May Attended the funeral of the late Otto Zambelli, immediate past Hon. Austrian Consul General for Victoria & Tasmania.

Saturday 3. May Music and dance with Julia and Dieter. Esther Kozmit celebrated her 70th Birthday with family and friends in the Strauss Stüberl. A pleasant evening.

Sunday 4. May May Pole Dance with the Silver Echoes. A full house; great music and overall a fantastic afternoon.

Saturday 10. May Music & Dance with the Dutch

Die Welt schaut etwas anders aus, betrachtet man sie von dem Küchenfenster hinaus in den Festsaal. Seit dem 10. April 2008 versuchen wir einen neuen Chef für unser Bistro zu finden. Das bedeutet, daß Beverly und ich noch immer 7 Tage in der Woche im Küchenbereich beschäftigt sind.

Allerdings kam ein sehr positiver Trend zum Vorschein, denn es genießen mehr Mitglieder und Gäste unser gutes, schmackhaftes Essen. Was immer auch für das kommende Wochenende nötig ist, wird von mir persönlich vorbereitet, ob es nun Suppe, Schweinsbraten, Rinderbraten, oder die Semmelknödel sind. Rena, unsere persönliche Freundin, kommt gewöhnlich am Freitagmorgen in den Klub, kocht Mittagessen für unsere Gäste in der Kellerstube und macht anschließend die notwendigen Vorbereitungen für das Wochenende wie etwa ein neues Gericht, mehr Gulasch, usw.

Seit Mitte April macht Beverly die meisten Bestellungen für die Küche und hilft in der Küche aus, wo immer es gerade nötig ist. Alle anderen Vorbereitungen die getroffen werden müssen, werden von mir übernommen, damit Rena geschickt und fähig die Küche übernehmen kann. Wir schätzen uns Renas Erfahrungheit, ihr Wissen und ihre Fachkenntnisse sehr. Es hört sich alles so einfach an, doch recht viel Planung und sehr viel Arbeit sind erforderlich, damit in der Küche alles so hervorragend klappt. Unser Lohn ist ganz einfach die Befriedigung, daß der Klub zu aller Zufriedenheit weiter läuft.

Ein kurzer Bericht für den Monat Mai.

Freitag 2. Mai Teilnahme an dem Begräbnis für Otto Zambelli in Geelong, ehemaliger Österreichischer Consul General für Victoria und Tasmanien.

Samstag 3. Mai Musik und Tanz mit Julia und Dieter. Esther Kozmit feierte ihren 70. Geburtstags im Strauss Stüberl. Es war ein sehr angenehmer Abend.

Sonntag 4. Mai Maibaumtanz mit den Silver Echoes. Ein total volles Haus, prima Musik und rundherum ein phantastischer Nachmittag.

Samstag 10. Mai Musik und Tanz mit dem Dutch Duo. Wiederum ein sehr

Duo. Once again, a very nice evening with more visitors than we had expected.

Sunday 11. May Mother's Day what a day! An absolute full house, enjoyed a very successful afternoon of dance music and entertainment by Rene. Mothers and children alike had loads of fun.

Saturday 17. May As always, whenever Silver Echoes command the stage, we enjoy a lot more visitors than expected, great.

Sunday 18. May An afternoon with Heinz. Magda Dunst and Peter Scheiber both celebrated their birthdays in our Club complete with their families and friends. Everybody enjoyed a truly wonderful afternoon.

Saturday 24. May Marianne and Mimmo played some great music. Marie and Heinz Kogler celebrated their Wedding Day in our Club, together with family and friends. Whilst Mrs. Gretl Ebner celebrated her 80th birthday, also with family and friends. A truly enjoyable Saturday evening of high spirits.

Sunday 25. May With Julia & Dieter on stage. Three of our visitors celebrated their birthday in our Club. The 3ZZZ Austrian Radio Group held their annual meeting in the Strauss Stüberl. Overall, a busy, enjoyable and successful afternoon.

Saturday 31. May On this last day of the month, the annual and very popular "Tiroler Abend" was held. "Alpine Cocktail" provided the super music for the evening and our Menu boasted the popular Tiroler Speckknödel which tickled everybody's tastebuds in a most delightful way. A fabulous evening.

Please note: Melissa Bauer and Stephen Hatton, both known as Paparazzi Club Newsletter Team members, joined the Club Management Committee at our last meeting, held at the beginning of May. We wish them both all the best in their future Committee roles. Young blood. Terrific.

A very sincere thank you is extended to all our faithful Voluntary Helpers and the members of the Committee for their efforts for the good of the Club.

With friendly greetings,
Otto Griesmayr

angenehmer Abend. Wir erfreuten uns über mehr Besucher als erwartet wurden.

Sonntag 11. Mai Muttertag. Ein wirklich schöner Tag mit Musik, Tanz und Unterhaltung von Rene. Mütter, aber auch die Kinder, hatten recht viel Spass. Es war ein erfolgreicher Nachmittag im voll ausgebuchten Klub.

Samstag 17. Mai Wie immer, wenn Silver Echoes auf der Bühne stehen erfreuen wir uns einer größeren Besucheranzahl, prima.

Sonntag 18. Mai Unterhaltung mit Heinz. Magda Dunst und Peter Scheiber feierten beide Geburtstag im Klub, im Familien und Freundeskreis. Jederman genöß einen recht schönen Nachmittag.

Samstag 24. Mai Marianne und Mimmo sangen und spielten wirklich phantastisch. Zusammen mit Familie und Freunden feierten Marie und Heinz Kogler Ihren Hochzeitstag und Frau Gretl Ebner Ihren 80. Geburtstag im Klub. Ein wirklich angenehmer Samstagabend mit guter Stimmung.

Sonntag 25. Mai Mit Julia & Dieter auf der Bühne. Unter unseren Besuchern waren drei "Geburtstagskinder", die in unserem Klub ausgiebig feierten. Die 3ZZZ Austrian Radio Gruppe veranstaltete wieder ihre jährliche Versammlung im Strauss Stüberl. Ein sehr gut gelungener Nachmittag.

Samstag 31. Mai Am letzten Tag in Mai wurde der jährliche, sehr populäre, "Tiroler Abend" fröhlich gefeiert. Alpine Cocktail sorgte für gute Musik und auf der Speisekarte gab's die vielbeliebten Tiroler Speckknödel, die jedem gut schmeckten. Ein phantastischer Abend.

Bemerkenswertes: Melissa Bauer und Stephen Hatton, die sehr bekannten Paparazzi Klub Newsletter Teammitglieder, sind beide dem Klub Vorstand anfang Mai beigetreten. Wir wünschen beiden in der Zukunft das allerbeste im Vorstand. Junges Blut. Einmalig.

Ein großes Dankeschön an alle unsere treuen Freiwilligen Helfer im Klub und dem Klub Vorstand für die Arbeit die Sie leisten im Namen unseres Klubs.

Mit freundlichen Grüßen,
Otto Griesmayr

IN THE SPOTLIGHT

OTTO & KATHE RUF

Caught up in the pleasant enjoyment of leisurely times at the Club, with wonderful fare, a good drop, the old familiar melodies as well as spirited Dance evenings to participate in that distract us, it is the rare person who reflects on the behind-the-scenes fact that without a stable financial foundation, the Club would probably not be in a position to offer us all that it does for the long term. For this reason it is absolutely essential that everybody in the Executive Committee is continually informed and thoroughly updated, to enable each and every one of them to have a comprehensive overview and to be consciously aware that, for the good of the Club, wise decisions must be collectively and knowledgeably made, to ensure that the financial stability and viability of the Club is guaranteed through successful financial management and long-term planning factors which are imperative to the process. Especially now that a portion of the land is sold and money is available in reserve, wise financial husbandry is requisite, so that the money is wisely invested, remains wisely invested and grows ahead of inflation to secure the ongoing survival of the Club and therefore our, as well as future generations' enjoyment of the Austrian Club that little piece of home with its attributable companionship and "Gemütlichkeit".

Otto Ruf, our current Treasurer, has the situation well in hand. Since Otto took on the role of financial management, all the Executive Committee members are given comprehensive monthly Profit and Loss and Balance Sheet updates. This transparency with regards to financial reporting was not always the case. Fortunately, approximately four years ago, when Otto Ruf became our Treasurer and Otto Griesmayr our President, a dynamic team was formed. For the two Ottos complemented each other perfectly in their attentive, conscientious endeavours to build a solid, regulated, financial foundation for the Club and to simultaneously procure for all Members insight and clarity of financial report. Since this time, and with Otto Ruf's tight rein as Treasurer, the financials became properly supervised, controlled, regulated and then securely kept in check. Otto Griesmayr and Otto Ruf managed to create new growth and get out of debt. It is relevant to note here that, in this time, generous donations and contributions from other club members were also gratefully accepted and helped ease the Club's worries thus appreciably assisting the speed at which the Club was able to achieve a successful financial turnaround. By the way, the sale of the land was a precautionary measure, a buffer so to speak, for the event that the Club could be beset by possibly hefty financial downturns in the future. At present our economic position is relatively at ease and in good hands.

In Otto Ruf we have a Treasurer who is intent upon the finances being correct. Otto Ruf comes from the historic castle city of Illertissen near Ulm (birthplace of the world-famous Albert Einstein) in Swabia, Germany. He studied "Kaufmann", a role that combines merchant, commercial clerk and business manager in one, and was employed as business manager of a

Wenn wir im Klub gemütliche Zeiten verbringen, mit guter Kost, Getränken und altbekannten Melodien verwöhnt werden, sowie bei schwungvollen Tanzabenden fröhlich mittanzen, denkt wohl kaum einer von uns daran, daß der Klub ohne eine stabile, finanzielle Grundlage wahrscheinlich nicht in der Lage wäre, uns all dies, auf lange Sicht hin, zu bieten. Aus diesem Grund ist es unbedingt erforderlich, daß jeder im Executive Ausschuß kontinuierlich voll informiert und auf den neuesten Stand gebracht wird, einen vollen Überblick hat und sich bewußt ist, daß für das Wohl des Klubs weise Entscheidungen getroffen werden müssen, um finanzielle Stabilität und Lebensfähigkeit zu gewährleisten. Selbstverständlich ist deshalb erfolgreiche finanzielle Unternehmensführung und Planung auf lange Sicht hin von größter Bedeutung. Nun, da der Verkauf des Landes stattfand und deshalb Geld in Reserve vorhanden ist, war eine kluge Finanzvoraussicht höchst erforderlich, damit daß Geld gescheit investiert wird und auch weiterhin weise investiert bleibt. Obendrein sollte die Geldanlage gut an Wert gewinnen, sodaß die Inflationsrate überflügelt wird und das weitergehende Überleben des Klubs gesichert ist und letztlich daß für uns, aber auch für die nächsten Generationen der Österreichische Klub in der Lage ist für uns alle ein Stückchen Heimat, Gemeinsamkeit und Gemütlichkeit zu bieten.

Otto Ruf, unser jetziger Schatzmeister, hat die Situation fest in der Hand. Seitdem Otto die Finanzleitung annahm, erhalten alle Komiteemitglieder Einsicht in des Klubs Gewinn- und Verlustkontos, und jeder ist eingehend informiert mit der Bilanz. Dieser finanzielle Report war nicht immer der Fall. Als Otto Ruf vor ungefähr vier Jahren unser Schatzmeister wurde und Otto Griesmayr unser President, wurde ein gutes Team gegründet, denn die zwei Ottos ergänzen sich gegenseitig in ihren sorgfältigen, gewissenhaften Bestrebungen, um eine geregelte, stabile Finanzgrundlage für den Klub aufzubauen und für alle Mitglieder Bericht und Einsicht zu verschaffen. Seit dieser Zeit, und seit Otto Ruf als Schatzmeister, die Zügel fest in der Hand hält, wurden die Finanzen des Klubs genauestens beaufsichtigt, kontrolliert, reguliert und im Zaum gehalten. Otto Griesmayr und Otto Ruf schafften es, erneutes Wachstum zu schaffen und Schulden zu tilgen. Dabei muß unbedingt bemerkt werden, daß in dieser Zeit auch großzügige Spenden und Schenkungen von Klubmitgliedern dankbar akzeptiert wurden und mithalfen diese Sorgensituation des Klubs zu entschärfen und damit beträchtlich beitragen die finanzielle Lage schneller ins richtige Gleis zu bringen. Nebenbei bemerkt, der Verkauf des Landes war eine Sicherheitsmaßnahme, für den Fall bestimmt, daß der Klub in Zukunft mögliche schwere finanzielle Belastungen tragen muß. Im Moment ist unsere wirtschaftliche Lage jedoch relativ entspannt und in guten Händen.

In Otto Ruf haben wir einen Schatzmeister, der darauf bedacht ist, das die Finanzen stimmen. Otto Ruf kommt aus der historischen Burgstadt Illertissen bei Ulm (dem Geburtsort des

large company. Sound financial administration, but also purchases and stock control were under his supervision, as well as the leadership and management of a team of people. This professional foundation in Otto's career now benefits us all, for Otto has the capacity to deal with financial concerns in a strategic and detailed way, recognises the economic state of affairs, competently submits all the factual information to the Committee and thus harmoniously targets a profit for the Club. Furthermore, the Club uses a suitable, purposeful software program called MYOB for its financial and accounting purposes. MYOB is based on very exact double book accounting, the same type of accounting Otto Ruf studied and successfully applied in his career as Kaufmann. Hence he finds it easy to transpose his professional experiences onto the software package and thus carefully and accurately carry out the Club's accounting.

His vivacious, social wife Kathe comes from Renzburg in the high North of Germany. Dancing was her joy and so Kathe learned Ballet, still doing the splits at age 35! Kathe had already discovered her love of books in early years, studying to be a librarian and later working in a book store. Kathe's favourite author is Jeffrey Archer and interestingly her favourite novel is his best-seller "Kane and Abel" an epic tale in which finances, the stock market, economic relationships, misunderstandings but also human striving dominate. Economic themes that Kathe likes to read about. A wife who, with her understanding for economics and her joie-de-vivre, makes the ideal Partner for Otto. Kathe also enjoys cooking an exceptionally tasty, gourmet roast Saddle of Deer or other delicious Game dishes.

Game appears frequently on the menu in the Ruf household, as Otto is a passionate hunter. He has travelled widely, acquired any number of trophies from every corner of the globe and has even braved the massive expanses of Mongolia to take up the trail. Otto was the enthusiastic President of the Australian Deer Association (A.D.A.) for 12 years reigning as branch manager for 9 years and state manager for 3 years. On top of that, Otto feeds the animals on the deer farm nearly every week. He is a valued nature conservation advisor to the government and points to methods of properly protecting and preserving endangered flora and fauna species in the Alpine regions. He expounds that proper management and control in the number of deer is essential, to limit the possible damage to protected flora species within the alpine area for preservation of protected flora and fauna is inversely related to the number of grazing deer in the area. In the time when Bruno Rabensteiner was President of the Club, Otto brought up to 250 members of the ADA to the Austrian Club, to hold their monthly meetings. He assured the hunters they would experience and enjoy a good time. The plan was a double-edged one, concurrently proving to be a wise financial strategy for the Club. Otto's trophies decorate the walls of the Club and especially children find their appeal irresistible.

weltberühmten Albert Einsteins) im Schwabenland. Er studierte Kaufmann und leitete dann als Geschäftsführer eine große Firma, indem er die Finanzen gut verwaltete, aber auch Einkäufe und Warenbestand unter seiner Aufsicht hatte und vor allem Leute als Manager leitete. Dieses gewerbsmäßige Fundament in Otto's Laufbahn kommt uns jetzt allen zugute, denn Otto hat die Fähigkeit detailliert und strategisch im Finanzwesen umzugehen, die wirtschaftliche Sachlage zu erkennen, alles fachgerecht dem Komitee zu unterbreiten, damit in Eintracht Gewinn für den Klub erzielt wird. Über dies verwendet der Klub für die Buchführung und für das Finanzwesen MYOB, ein geeignetes, zweckvolles Softwareprogramm. MYOB's Basis ist eine sehr genaue doppelte Buchführung, die Otto studiert und in seiner Karriere erfolgreich verwendet hat. Es fällt ihm deshalb leicht diese Erfahrung auf das Softwareprogramm zu übertragen und somit die Buchführung sorgfältig und akkurat auszuführen.

Seine lebensfrohe, gesellige Frau Kathe kommt aus Renzburg aus dem hohen Norden. Tanzen war Ihr eine Freude und so lernte Kathe Ballett und konnte noch bis 35 den Spagat! Schon in jungen Jahren entdeckte Kathe ihre Liebe zu Büchern und studierte deshalb, um eine Bibliothekarin zu werden. Buchhändlerin wurde sie dann später. Jeffrey Archer ist Kathe's Lieblingsautor und interessanterweise, ist eins Ihrer Lieblingsbücher "Kane und Abel" in dem Finanzen, Börse,

wirtschaftliche Verhältnisse, Mißverständnisse aber auch menschliches Streben dominieren. Wirtschaftliche Themen die Kathe gerne liest. Eine Frau, die mit ihrem Verständnis für Wirtschaft und ihrer Lebensfreude eine ideale Partnerin für Otto ist. Kathe kocht gerne einen hervorragend guten, Gourmet Rehrücken oder sonstige leckere Wildspeisen.

Wildbraten steht des öfteren auf der Speisekarte in Otto's Haushalt, da Otto ein leidenschaftlicher Jäger ist. Er hat schon viele Länder bereist, jede Menge Trophäen aus aller Welt erworben und sogar selbst in der riesigen Weite der Mongolei die Fährte aufgenommen. Otto war für 12 Jahre begeisterter Präsident der Australian Deer Association (A.D.A.) indem er für 9 Jahre als Branch manager und für 3 Jahre als State manager regierte. Beinahe jede Woche füttert Otto die Tiere zusätzlich auf der Deerfarm. Er ist geschätzter Naturschutzberater für den Staat und weist darauf hin wie man in der Alpenregion beschützte Arten, in der Pflanzen und Tierwelt, richtig behütet und bewahrt. Ebenso daß eine richtige Verwaltung in der Anzahl der Rehe äußerst wichtig ist, um eventuelle Schäden in Flora und Fauna unter Kontrolle zu halten. In der Zeit als Bruno Rabensteiner Präsident war, brachte Otto bis zu 250 Mitglieder der ADA zum monatlichen Treffen in den Österreichischen Klub und vergewisserte den Jägern eine gute Zeit und zugleich war es ebenso eine weise finanzielle Strategie für den Klub. Otto's Trophäen schmücken die Wände im Klub und haben besonders für Kinder eine unwiderstehliche Anziehungskraft.

Unser Schatzmeister Otto Ruf machte sicher, daß das

Our Treasurer Otto Ruf ensured that the Club's constitution was converted from hardcopy to softcopy so that it would be easier for Beverly Griesmayr to make amendments in the future, as well as to facilitate the ease with which a copy of the constitution could be reproduced so that it would be freely available for any member who was interested in getting hold of a copy. And thus, we are all assured of financial stability, a transparent management and a great mutual social life.

Our heartfelt thanks Otto and Kathe

Without Prejudice

Look forward to next month's SPOTLIGHT

Grundgesetz unseres Klubs von "hardcopy" zu "softcopy" übertragen wurde, daß es somit für Beverly Griesmayr in Zukunft leichter wurde die Neufassungen zu bewerkstelligen und vor allem, daß das Grundgesetz somit jedem Mitglied leicht zur Verfügung frei gestellt werden konnte, sollte jemand interessiert sein es in Augenschein zu nehmen. Und somit ist uns allen finanzielle Stabilität, eine transparente Verwaltung und gute gemeinsame Geselligkeit vergewissert.

Herzlichen Dank Otto und Kathe

MATHEMATICS OF LIFE

A small truth to make life 100%. (Tempered by the realities of life). From a strictly mathematical viewpoint...

- What Makes 100%?
- What does it mean to give MORE than 100%?
- Ever wonder about those people who say they are giving more than 100%?

We have all been to those meetings where someone wants you to give over 100%.

- How about achieving 106%?
- What makes up 100% in life?

Here's a little mathematical formula that might help you answer these questions: If (letter = is equal to number):

A=1, B=2, C=3, D=4, E=5, F=6, G = 7 ,
 H=8, I=9, J=10, K=11, L=12, M = 1 3 , N = 1 4 ,
 O=15, P=16, Q=17, R=18, S=19, T=20, U = 2 1 ,
 V=22, W=23, X=24, Y=25, Z=26.

Hard Work

H+A+R+D+W+O+R+K = 8+1+18+4+23+15+18+11 = 98%

Knowledge

K+N+O+W+L+E+D+G+E = 11+14+15+23+12+5+4+7+5 = 96%

Love

L+O+V+E = 12+15+22+5 = 54%

Luck

L+U+C+K = 12+21+3+11 = 47%

Then what makes 100%?

Money? No!!!

M+O+N+E+Y = 13+15+14+5+25 = 72%

Leadership? No!!!

L+E+A+D+E+R+S+H+I+P = 12+5+1+4+5+18+19+8+9+16 = 97%

Every problem has a solution, only if we perhaps change our attitude. To go to the top, to that 100%, what we really need to go further... a bit more...

Attitude

A+T+T+I+T+U+D+E = 1+20+20+9+20+21+4+5 = 100%

It is our attitude towards Life and Work that makes Our Life 100%!!! Attitude is everything – Change your attitude and you change your life...

However,

Teamwork

T+E+A+M+W+O+R+K = 20+5+1+13+23+15+18+11 = 106%

Volunteering

V + O + L + U + N + T + E + E + R + I + N + G = 22+15+12+21+14+20+5+5+18+9+14+7 = 162%

AND, look how far community spirit will take you.

Community Spirit

C + O + M + M + U + N + I + T + Y + S + P + I + R + I + T = 3+15+13+13+21+14+9+20+25+19+16+9+18+9+20 = 224%

So, one can conclude (with mathematical certainty) that while Hard Work and Knowledge will get you close, and Attitude will get you there, it's the Teamwork, Volunteering and Community Spirit that will put you over the top.

NOTHING BUT THE TRUTH...

A wealthy old woman decides to go on a photo safari in Africa, taking her faithful aged poodle named Cuddles, along for the company. One day the poodle starts chasing butterflies and before long, Cuddles discovers that he is lost.

Wandering about, he notices a leopard heading rapidly in his direction with the intention of having lunch. The old poodle thinks, 'Oh, oh! I'm in deep doo-doo now!' Noticing some bones on the ground close by, he immediately settles down to chew on the bones with his back to the approaching cat. Just as the leopard is about to leap the old poodle exclaims loudly, 'Boy, that was one delicious leopard! I wonder if there are any more around here?'. Hearing this, the young leopard halts his attack in mid-strike, a look of terror comes over him and he slinks away into the trees. 'Whew!' says the leopard, 'That was close! That old poodle nearly had me!'

Meanwhile, a monkey who had been watching the whole scene from a nearby tree, figures he can put this knowledge to good use and trade it for protection from the leopard. So off he goes, but the old poodle sees him heading after the leopard with great speed, and figures that something must be up. The monkey soon catches up with the leopard, spills the beans and strikes a deal for himself with the leopard. The young leopard is furious at being made a fool of and says, 'Here, monkey, hop on my back and see what's going to happen to that conniving canine!'

Now, the old poodle sees the leopard coming with the monkey on his back and thinks, 'What am I going to do now?', but instead of running, the dog sits down with his back to his attackers, pretending he hasn't seen them yet, and just when they get close enough to hear, the old poodle says, 'Where's that damn monkey? I sent him off an hour ago to bring me another leopard!'

Der Peterle sieht wie sein Kumpel Maxl auf allen vieren herumkrabbelt und am Boden etwas sucht. Er fragt den Maxl was er denn verloren hat. "Meine Uhr" erzählt ihm der Maxl, worauf der Peterle hilfsbereit weiterfragt "Na, wo denkste denn daß Du sie verloren hast?"

"Tja, an der letzten Straßenecke" sagt der Maxl ganz aufgebracht. "Und warum suchst Du sie dann hier?" fragt ihn der Peterle verwirrt. "Weil da mehr Licht ist..." kam die Antwort.

TIROLER ABEND

REZEPT

REHRÜCKEN

Ein super Rezept von Kathe Ruf

Wildbret:

- 1 Rehrücken
geräucherter Speck zum Spicken

Gemüse Püree:

- Butter
3 Zwiebel
3 Karotten
3 Pastinak (Parsnip)
8 Pfefferkörner
4- 6 Wachholderbeeren
Paprika, Petersilie, Selleriesalz, Majoran,
Salbei, Basilikum

Außerdem noch:

- Brombeer oder Johannisbeermarmelade
½ Glas Kapern (ohne Saft)

Den Rehrücken reichlich mit geräuchertem Speck spicken, sodaß das Fleisch so durchzogen wird, daß der maximale Abstand 2cm oder weniger beträgt.

Eine Bratereinne mit Butter auslegen, die kleingeschnittenen Zwiebel, die Karotten und die Pastinake hineingeben, die Pfefferkörner, die Wachholderbeeren und die Gewürze dazumengen und auf dieser dicken Gemüseschicht den gespickten Rehrücken legen.

Nun kommt der Rehrücken in den Ofen, der auf 160° vorgeheizt ist. Man gart das Fleisch absichtlich so langsam, damit es saftig bleibt. Während des Bratens mehrmals mit dem Bratensaft begießen. In der Hälfte der Bratzeit die Brombeermarmelade unter den Bratfond rühren und den Rücken damit weiterhin mehrmals begießen. 15 Minuten vor beendeter Garzeit die Kapern zu dem Gemüse legen.

Nachdem der Rehrücken fertig ist wird das weich gedünstete Gemüse mit dem Löffel durch ein Sieb gestrichen, damit man ein geschmeidiges Püree erhält. Dabei acht geben, daß die Pfefferkörner und die Wachholderbeeren nicht zerdrückt werden, denn somit würde das Püree zu viel Würze erhalten. Den Braten und das Püree warm halten während man die Soße zubereitet.

Den Bratensatz mit wenig Brühe aufkochen, durchseien und mit Sauerrahm abschmecken. Den Rehrücken, das Püree und die Soße mit Semmelknödel, Rotkraut und gutem Rotwein servieren. Sehr lecker...

DIE KLEINE KRÄUTERKUNDE

THE LITTLE HERBAL

Wachholder - Juniper - Juniperus communis

Boasting such exotic folkloric names as: Feuerbaum, Jachelbeerstrauch, Kaddig, Knirk, Krametbaum, Kranawetsbaum, Kranawitten, Qekholder, Wachtelbeerstrauch and Weihrauchbaum, Juniper is a highly aromatic evergreen shrub which graces the landscape of woods and mountain

gullies in its native European home. It thrives in sandy or light loamy soil and sunny locations, where its tangled spreading branches, covered by a thin reddish brown bark, provide the perfect foil

for the bright green needle-shaped, 1 2 cm long, concave, sharply pointed leaves. Wachholder - Juniper - Juniperus communis

Boasting such exotic folkloric names as: Feuerbaum, Jachelbeerstrauch, Kaddig, Knirk, Krametbaum, Kranawetsbaum, Kranawitten, Qekholder, Wachtelbeerstrauch and Weihrauchbaum, Juniper is a highly aromatic evergreen shrub which graces the landscape of woods and mountain gullies in its native European home. It thrives in sandy or light loamy soil and sunny locations, where its tangled spreading branches, covered by a thin reddish brown bark, provide the perfect foil for the bright green needle-shaped, 1.2 cm long, concave, sharply pointed leaves. Occurring in whorls of three along erect branches, almost at right angles from the branches, the prickly needles protect the slow-growing plant that can nonetheless reach a height of 15m. In spring yellow or blue-green flowers appear on the male or female plants respectively and, in the second year, these female flowers are followed by small, immature, green berries which ripen to purple or bluish black and which are usually covered with white wax. Aromatic Juniper "berries" are actually cones of this evergreen tree for, unlike other pinecones, the dark blue-black scales of the juniper cones are fleshy and soft.

So strongly aromatic and sweet, this plump, dark blue-purple berry yields the prized medicinal oil that has long been used in herbal medicine, provides the unique flavour that is the principal ingredient in gin - an extract of juniper and has a long history of use in massage therapy. It is antiseptic and strongly diuretic, assisting oedema (water retention) and urinary tract infections without a loss of electrolytes such as potassium. This cleansing action

synchronistically benefits the treatment of gout, arthritis and rheumatism, helping to flush away the crystals that cause the inflammation and stiffness, thus relieving pain and improving movement.

Bruises, ulcers, painful swellings, infections, sores and wounds are similarly said to be relieved by juniper's cleansing action, when applied externally as poultices and rubs. Adding a handful of leaves or crushed berries to a warm bath has a relaxing effect, relieving tendonitis, soothing muscle aches and pains and assisting in the treatment of neuralgia. Highly prized in massage therapy, Juniper oil soothes back, joint and muscle

discomforts whilst Aromatherapists utilise Juniper's uplifting scent to ease tension and stress, as well as to clear the thoughts. The penetrating essence, evocative of the rustic outdoors, enhances the breathing passages, supports healthy respiratory function and is a common fragrance in soaps, perfumes, men's colognes and aftershaves.

A living apothecary, Juniper's claims to fame are not limited to its detoxifying and antimicrobial activities. It is the bitter elements and substances that Juniper contains, which are accountable for its traditional use for digestive upsets, the reputed ability to increase peristalsis and intestinal tone and to relieve flatulence. In short, Juniper aids digestion and combats all forms of indigestion. Concurrently promoting the rejuvenation of cells by stimulating a sluggish metabolism, Juniper's outreaching effects include a more healthy gut flora thus avoiding bad breath, easing the symptoms of heartburn and lowering blood pressure. There are

even studies which suggest juniper may be active against viruses, have the potential for treating diabetes, be beneficial in the fight against certain types of cancer, warts and skin growths, treat psoriasis, discourage blood clots thus counteracting heart and circulatory problems and display significant antioxidant activity. Though contraindications suggest it should not be used by pregnant women or by people with kidney ailments.

KUNTERBUNTES

JOURNEY TO THE TEAHOUSE OF THE AUGUST MOON

It has been said that the Austrian Club is a long way out of central city Melbourne and therefore somewhat hard to get to. True, if one lives outside suburban Melbourne or on the opposite side of town, it can take a little time to make the journey to visit, but it certainly is not difficult or wearisome when we compare it with a journey to the Teahouse of the August Moon...

Where is the Teahouse of the August Moon? Try a mountain trail stroll in China.

First let's take the tram up to the start of the trail.

Now follow the path very carefully.

Don't look down and be sure to hold on to the railing.

Keep an eye on the person in front of you.

Be very careful when passing someone going in the opposite direction.

Now just up a few steps. (They are on the left in the picture)

It gets a little steeper here so put your toes in the holes.

Just a few more steps to go.

Finally in sight, the Teahouse!

The view's great, BUT - Would you dare try it???

And when you sit down with a nice hot cup of

chai or green tea, here are a few ideas for discussion -

How'd they get that building material up there?
And how do they get the weekly supplies to the teahouse?
Hopefully they don't serve any alcohol!!!

What are the opening times - does it open for dinner, cater for Weddings or run special functions like New Years Eve?

Just imagine they don't have your favourite ginger tea and you have to go back to get it!

Thank goodness our Austrian Club is a little more accessible. You can take a bus, hitch a ride in a taxi or drive up to the door with your car. We have a railing and plenty of room for people to pass one another. Our few steps are really only a few steps, we've even got a ramp instead of toe holes! Our scenery is just as good, if somewhat different. Inside the view is homely an alpine hut, lots of friendly faces. Outside plenty of greenery pleases the eye, with space for the kids to play without the fear of them falling off a cliff! We serve a delightful cup of black or herbal tea, aromatic coffee and scrumptious cakes. You can rest assured that weekly supplies are easy to come by, and that a glass or two of medicinal Schnapps will be beneficial here. Yes, we're open for lunch and dinner, can cater for your important occasion and we do hold special functions - check out the upcoming events on the back page of this newsletter to see what's coming up... And if we don't have your favourite tea, going back to get it is not quite so tragic.

So when you're contemplating your next challenging tea drinking session, think of the August Moon Teahouse and then come and visit us at the Austrian Club. We're looking forward to see you...

YOUR SAY

Have you got some comments you'd like to make about the Newsletter? Want to tell us something interesting? Or just air your opinion. This is your corner to tell it as you see it...

We've introduced this "Your Say" section as a chance for our Members to have some input into their Newsletter. Acting as a forum for information sharing, blooper correction and all manner of other reasons why you might like to have something publicised to your friends and fellow members. As an editorial team, we write from what we know and from what we collectively hear. Generally the information confirms itself, by many people telling the same story, but occasionally memory lane takes us down a pathway that perhaps has become a little clouded and dim and where the memories are no longer as clear, sharp and accurate as once they were. It is then that it can happen, that people remember the same events quite differently. And should the pathway we have trodden in our articles differ to the one you remember, we invite you to let us know here in "Your Say". This month our premiere Your Say features three members who were keen to have their say...

SHALL WE SING?

Mrs Everest was the first member who phoned in to have her say. As Liesl remembers it, the first time organised singing was mentioned at the Austrian Club was when the mothers, many of whom (like Liesl) liked to sing, were thinking of things to do whilst waiting for their children to finish dance practice. The leader of the childrens' dance group and President at that time, Mr Ignaz Martinu, was approached for permission to hold singing sessions. A favourable yes and encouragement followed. And so song books from home were brought along, songs and melodies shared and a first wonderfully companionable evening was had. Which was followed by many more. There was no leader, no name, just a group of singing-minded mums who did a lot of sharing and enjoyment of music and melody. And they loved it.

Mrs Liesl Everest

Editors Comments: Mrs Everest, we're glad the mothers banded together to ask permission to get together and sing. Thank you for being one of the mothers that shared in the initial singing sessions. Who could imagine back then, what was to come...

BEGINNINGS OF THE SINGKREIS AND AUSTRIAN CHOIR.

Mrs Haarer remembers how the organised singing sessions evolved, though the exact date remains a little fuzzy. Some time after the mums had been enjoying the melodic reminiscences of home, Mr Martinu asked them whether they would be good enough to band together and sing for Fathers Day. To perform. Though some of the mums experienced a little stage-fright and nerves, the performance was warmly received and the original members of the informal singing sessions; Mrs Brigitte Martinu, Mrs Liesl Everest, Mrs Kathe Haarer, Mrs Ferguson and Mrs Harrer had planted the seed of organised singing at the Austrian Club in everybody's mind. Around this time Olaf Schappacher decided to give the ladies a hand with some formal singing training, mainly in classical tunes, and other keen singers, inspired by the Fathers Day performance, gradually started to join the now semi-organised singing group. Not long after an enthusiastic Dieter Bajzek volunteered to lead the increasing number of singers on a regular basis and formally christened the

singing group "Singkreis". Incorporating lots of Volksmusik, traditional melodies, the Singkreis quickly became known as "The Austrian Choir" and has delighted us with Austrian music ever since.

Mrs Kathe Haarer

Editors Comments: Thank you Mrs Haarer for providing the next piece in the puzzle. We're so glad that the singing sessions evolved to the Singkreis and then the Austrian Choir. We all have enjoyed your performances in the past, particularly the stirring Christmas Concerts.

LOCATION, LOCATION, LOCATION

Location, Location, Location or so they say in Real-estate terms. Mr Ignaz Martinu tells me that there is more to the story of the purchase of our own Club House grounds in Heidelberg than initially meets the eye. Referring to the "50 years Austrian Club Melbourne" commemorative book (available from our Schatzkammer), Ignaz revealed that the Austrian Club had purchased a number of properties over the years, before finally deciding on the grounds at Heidelberg. To begin with there was land in Hall St Hawthorn, then an old theatre house in Collingwood, before finally finding the grounds in Heidelberg a time when Mr Martinu was still President of the Club and thus closely involved in the purchase of the land in Heidelberg. To build or not to build was a difficult decision for Mr Martinu, as he had also found an attractive multi-story building for sale at the corner of Flinders Lane and King Street. With an entire ground floor vacant, a catering company inhabiting the basement below and two storeys let out for offices above, this three story building would also have been an attractive catch. With the council likely to approve car parking under a near-by bridge, this property would have been a great site for the Club too. Tempting, but which one to choose? And hence, location, location, location won out for the Heidelberg grounds offered not just space for a Club House and plenty of room for parking but also the green space reminiscent of a lush valley at home. And so the story of Heidelberg was born...

Mr Ignaz Martinu

Editors Comments: Thank you Mr Martinu for your valued part in our Club's history.
